TROPICAL CYCLONE BULLETIN NR. 9F
Low Pressure Area (formerly CALOY)
Issued at 11:00 PM, 11 May 2026

"CALOY" WEAKENED INTO A LOW PRESSURE AREA.

Location of Center (10:00 PM)

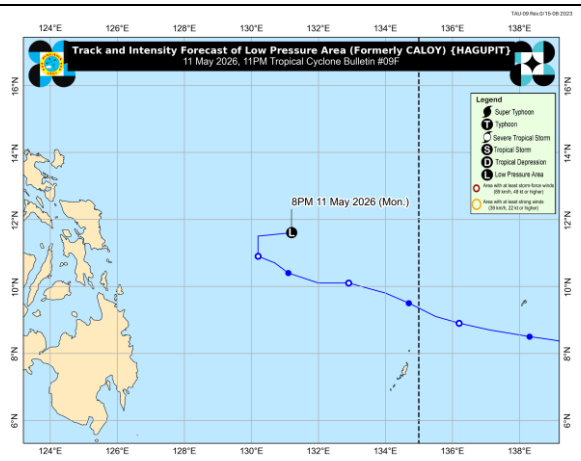
The Low Pressure Area (formerly CALOY) was estimated based on all available data at **600 km East of Guiuan, Eastern Samar or 630 km East of Borongan City, Eastern Samar (11.7°N, 131.2°E).**

Intensity

Central pressure of **1006 hPa**

Present Movement

East northeastward at 10 km/h



TROPICAL CYCLONE WIND SIGNALS (TCWS) IN EFFECT

No Wind Signal is currently hoisted

OTHER HAZARDS AFFECTING LAND AREAS

The Low Pressure Area is less likely to bring heavy rainfall in any parts of the country.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to moderate seas over the following coastal waters:

- **Up to 2.0 m:** The seaboards of Batanes, Cagayan, Isabela, Aurora, and Surigao del Sur; the northern seaboards of Camarines Norte and Camarines Sur; the northern and eastern seaboards of Quezon including Polillo Islands, Catanduanes, and Northern Samar; the eastern seaboards of Albay, Sorsogon, Eastern Samar, Dinagat Islands, and Siargao-Bucas Grande Islands.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TROPICAL CYCLONE BULLETIN NR. 9F
Low Pressure Area (formerly CALOY)
Issued at 11:00 PM, 11 May 2026

TRACK AND INTENSITY OUTLOOK
CALOY weakened into a low pressure area at 8:00 PM today. The remnant low will move generally northward or northeastward over the Philippine Sea. As it moves over increasingly less favorable environmental conditions, there is a likelihood that it may dissipate within the next 5 days.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless re-development occur, this is the final bulletin for this weather disturbance.
